Rural Utilities Service

TITLE: RUS Electric Loan Application and Related Reporting Burdens

OMB CONTROL NUMBER: 0572-0032

SUMMARY OF COLLECTION: The Rural Utilities Service (RUS) was established in 1994 by the Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994 (Pub. L. 103-354, 108 stat. 3178, 7 U.S.C. 6941 et seq.) as successor to the Rural Electrification Administration (REA) with respect to certain programs, including the electric loan and loan guarantee program authorized under the Rural Electrification Act (RE Act) of 1936. The RE Act authorizes and empowers the Administrator of RUS to make and guarantee loans to furnish and improve electric service in rural areas. These loans are amortized over a period of up to 35 years and secured by the borrower's electric assets and/or revenue. RUS will collect information including studies and reports to support borrower loan applications.

NEED AND USE OF THE INFORMATION: RUS will collect information to determine the eligibility of applicants for loans and loan guarantees under the RE Act; monitor the compliance of borrowers with debt covenants and regulatory requirements in order to protect loan security; ensure that borrowers use loan funds for purposes consistent with the statutory goals of the RE Act; and obtain information on the progress of rural electrification and evaluate the success of RUS program activities. Without the information RUS would be unable to accomplish statutory goals.

TITLE: 7 CFR Part 1724 and Part 1738 Electric Engineering, Architectural Services and Design Policies and Procedures; and Rural Broadband Access Loans and Loan Guarantees

OMB CONTROL NUMBER: 0572-0118

SUMMARY OF COLLECTION: The Rural Electrification Act of 1936, 7 U.S.C. 901 *et seq.*, as amended, authorizes Rural Utilities Service (RUS) to make loans in several States and Territories of the United States for broadband access and rural electrification and the furnishing and improving of electric energy to persons in rural areas. Title 7 CFR 1724 requires each borrower to select a qualified architect to perform certain architectural services and to use the designated form that provides for these services. The agency has developed standardized contractual forms used by borrowers to contract for services.

NEED AND USE OF THE INFORMATION: The information collected stipulates the parties to the agreement, contain certain information relating to the approved loan or loan guarantee, and provide detailed contractual obligations and services to be provided and performed relating to construction, project design, construction management, compensation, and related information. The contractual forms provide standardized contract agreements between the electric or broadband borrower and the engineering or architectural firm providing services to the borrower. This has resulted in substantial savings to borrowers by reducing preparation of the documentation and the costly review by the government.
